

Cornwall Council have recently decided to **resubmit plans** to build a freight terminal on Battery Rocks beach, **despite** having identified a **less destructive alternative that is no-more costly to set up and run...**

SAVE OUR SEAFRONT!

Close to **9 out of 10** local people are **AGAINST** the scheme, but to make sure that **Cornwall Council and The Route Partnership abandon their plans** and opt instead for a viable alternative that protects our historic seafront and supports the economic regeneration of the harbour area, we must stand firm as a community and **insist that our voice is heard.**

DO YOU CARE ABOUT THE FUTURE OF PENZANCE?
If you do please make every effort to attend the

PUBLIC MEETING

Hosted by Andrew George MP at St John's Hall on

OCTOBER 9TH AT 7.30PM

See overleaf for other ways to ensure Cornwall Council listens to the people of Penzance.

Penzance has a **choice...**
but we must **ACT NOW** and say...

NO to their ugly
modern freight
and passenger
terminals and
associated traffic
in the heart of
our historic
seafront...

YES to an out of town freight depot and a passenger terminal within the existing harbour area..

The removal of heavy goods vehicles from the historic harbour, with traffic calming and refurbishment of existing buildings such as the redundant Trinity House building, and the preservation of the historic seafront will herald the start of genuine regeneration of the harbour area with positive economic advantages for the whole town.

Cornwall Council agree this is a viable alternative but will only opt for it over their own scheme, if the residents of Penzance make it clear they will stand for nothing less!

PLEASE ACT NOW and..

1. Attend the Public Meeting on October 9th.
2. Write to your MP, Cornwall Council and local paper.
3. Sign up as a 'Friend' of Penzance Harbour.
4. Prepare to write an objection to the planning application when it is resubmitted in October.
5. Pledge financial support in case we have to defend our seafront in court.

For more information and help with the above please call 01736 332741 or visit:
